There'll be plenty of warm weather
yet.

Bro Jake Joseph's New Year begins
next week.
Coal continues to advance in price.
Better lay in some.

The skating rink will open soon as
cold weather sets in.

The merchants' stocks of fall goods
are beginning to come in.

Rev A Martin closed a two weeks'
meeting at New Antioch with 24 addi-
tions.

Bro Wilson, of Ford, will preach for
Bro Tindor both Sunday morning and
evening.

Rev T H Campbell preached two
very interesting sermons at the Bap-
tist church Sunday.

The crop of walnuts and hickorynuts
will be short. So the small boy says,
and he is undisputed authority.

Start the urchins in school at the
beginning. Stragglers cause trouble
to teachers and themselves, also.

Don't miss the Madison County Fair
Richmond, Sept 10, 11, 12, and 13. It
is going to be the best in many years.

Hughes & Swinebroad are making a
good thing of their real estate busi-
ness. They always have several deals
on.

A good crowd is still at Dripping
Springs, and Mr Rothwell tells us he
has rooms engaged for some time to
come.

A big crowd of Garrard county Dem-
ocrats went to Lexington Saturday to
witness and take part in the opening
of the campaign.

"Eden in the Backwoods" is the best
lecture ever delivered in Athens, ex-
cept Bob Taylor's "Fiddle and Bow."
—Athenian, Athens, Tenn.

The watermelon crop has about dis-
appeared. They were not much ac-
count this summer, nor were the
cantaloupes worth half the price asked.

The election commissioners at Frank-
fort have appointed Jas I Hamilton
and Lewis L Walker commissioners in
this county to represent the Democra-
tic parties, respectively.

Advertisements in The Record will
not be changed unless copy is in the
office Monday. This means all, as we
cannot afford to work at night setting
ads which could be brought in sooner.
Remember.

Don't have the face to ask a printer
to change an ad later than first of
week. It's extra work, and you'd die
rather than pay extra for that extra
work. Wouldn't you?

W B Burton, who attended county
court at Richmond Monday, tells The
Record the market for horses and
mules was very good. He bought
three head of horses at \$500.

A severe wind storm, accompanied
by much lightning, swept over the coun-
ty Monday afternoon. Lightning kill-
ed three fine steers for Mr Wm Ander-
son, three heifers for Mr John Collier,
near town, struck Gott's poultry house
and did much other damage in the
county.

Sent To Pen.

Josh Burdett, who killed his son, at
Hickman, about six months ago, was
tried in circuit court this week and
given seven years in the penitentiary.

Desirable Servants Coming.

Many desirable Swiss immigrants
probably will come to Kentucky dur-
ing the coming winter, according to a
letter from the State's representative,
who is now in Switzerland trying to
induce the proper families to take up
their residence in this country. He
writes that recent laws in that coun-
try have handicapped him consider-
ably.

The Old Bourbon Fair.

Don't fail to attend the old Bourbon
fair Paris, Ky., which began Sept 7.
Premiums liberal and paid in cash.
Bourbon county is the center of the
live stock interests of the Bluegrass.
Show rings in point of numbers and in
the quality of stock exhibited will be
the best in the world. Visit the capi-
tal of Bourbon whose people are noted
for their hospitality, for a day or week
of pleasure and enjoyment.

Short Crops Reported.

There will be very few cucumbers
put up by the big packing concerns of
the country this season on account of
the extreme scarcity of the article and
as for apples and the many different
relishes that are made from this popu-
lar fruit, there will be few, if any, on
the market. The regular traveling
representative of the big H J Heinz
Company, who makes this city every
thirty days, was notified a few days
ago to discontinue all orders for pick-
les as the cucumber crop will be a big
failure and it was doubtful if any
more could be filled. The same order
was given in regard to cherries. Canned
apples can't be purchased now from
the grocer and the wholesale houses
say there will be no more this season.
The scarcity of these fruits will be
keenly felt by the residents of Lan-
caster who enjoy apple butter, cherry
pie and cucumber pickles during the
winter months.

Coming To Town.

Hon James P Kivett, with his lec-
ture, "Eden in the Backwoods." Thought
and laughter for all. Mr Kivett's lecture
was a success thru the South and West. He is an enter-
tainer of rare ability. He points
Backwood's life true to Nature.

Tennessee.

A great home coming is arranged
for September 23 28, 1907, and Nash-
ville is the place for the Tennessee
home coming. Gov Beckham has ap-
pointed a Board of Commissioners to
have charge of the matter. Rice Reed,
of Frankfort, is Secretary and will
give information to those who desire it.

Want Tobacco Labeled.

The American Society of Equity has
set on foot a movement to have laws
passed by the Legislature of Kentucky,
Ohio, Tennessee and West Virginia
compelling all tobacco companies to
label all their wares, showing the per-
centage of nicotine and other ingre-
dients.

Harvest Has Begun.

The cutting of hemp and tobacco is
well on. Tobacco has come out great-
ly under the influence of propitious
weather, but under no circumstances
can the crop be anything like a good
one or a full one. Hemp is light and
not a good crop. Most of the growing
crop was sold months ago at \$5 50 per
long hundred or around that figure.

Foundation About Completed.

The concrete foundation to the new
hotel is completed and brick laying
will begin in a day or two. The con-
crete foundation is used almost univer-
sally now, it being so much better and
satisfactory than the old-time rock.
The concrete becomes much harder
than rock. All foundations for the
immense "sky scrapers" in the cities
are made of concrete, and they were
never known to give way or crumble.

Extra Fine Horses.

Mr W B Burton has two horses this
summer that have attracted the atten-
tion of the horsemen all over the state,
and in which he certainly has a good
thing. One is the three year-old road
horse, Heck, by Knight, by Wilkes,
dam Prodigal. This horse has been
shown all over Central Kentucky at
the recent fairs and has won nearly
every blue tie he went after. He has
never been outside the money, and Mr
Burton has refused many flattering
offers for him. The other, a hand-
some mare, Ada Bell, by Clay King,
dam the Abdallah, is a three-year-old
and has won every first premium in
the high-acting rings in Central Ken-
tucky. Mr Burton was fortunate in
securing these splendid animals. They
are at the Somerset fair this week,
and will likely be shown at the State
Fair in Louisville next week.

A Useful Invention.

Mr James Hill, of this city, has in-
vented and placed on sale a small ar-
ticle for use in the kitchen which is
filling a long-felt want. It is a corn
shaver, to be used on roasting ears.
It consists of a piece of neatly-dressed
wood, in which is cut an oblong hole.
Across the center thereof is a piece of
steel or knife blade. In the wood,
close to the hole are imbedded several
spikes. The corn is passed down a
groove and across the teeth and knife,
which separates that portion to be
eaten from the cob and rough portion
of the corn. He has sold quite a num-
ber of them, the price being very rea-
sonable and the invention of inestima-
ble value to cooks and housekeepers.
The corn cut with it is delicious, and
bound to be far more healthy than by
eating it in the old-time way.

Humber Gets Twenty-one Years.

The case against Will Humber, for
killing Policeman George Pollard, con-
sumed the entire of last week, the
verdict being reached Saturday after-
noon. The speeches by Jas I Hamil-
ton and Lewis L Walker for the de-
fense and Joe E Robinson and Chas
Hardin for the Commonwealth were
listened to by large crowds, and were
highly complimented by all who heard
them. After deliberating for about
twenty or thirty minutes, the jury re-
turned a verdict of twenty-one years.
Several new witnesses introduced this
time who did not testify at last trial.
The jury trying Humber was compos-
ed of Mercer county citizens, and a
more intelligent lot never occupied the
Garrard-county jury-box. They were
gentlemen who won many compliments
by their intelligent bearing and gentle
manly conduct.

A Burning Shame.

A well-known fisherman told us, the
other day, that fishing in Dix river
was a thing of the past. Of course a
few are here and there, but such a
thing as catching a string was impossi-
ble. The terrible state of affairs has
been brought by seins and dynamite.
There is a law against these, but what
does it amount to? Absolutely noth-
ing. Men, who are considered lawabid-
ing and honorable citizens have been
guilty of the offense of both seining
and using dynamite, and absolutely no
effort is made to punish them. The
use of dynamite kills not only the large
fish, but little ones as well, and the
nefarious practice has become so com-
mon that there is hardly a good string
of fish in the river, from source to
mouth. If some negro sells a drink of
whisky or shoots craps for a nickle,
he is taken out and hung, figuratively
speaking, but the seiner and dynam-
iter can go unmolested.

Tell your friends about the Madison
County Fair. Four days of continual
pleasure for those who attend. Sept
10 to 13.

Card of Thanks.

We take this method in thanking
our many friends and neighbors for
their kindness shown us during our
sad and late bereavement.
Roy Beazley and wife.

Pleasant Grove C. E.

The Christian Endeavor of Pleasant
Grove met at the church Sunday even-
ing at 5:30. The meeting was led by
Miss Lula Simpson. After prayer by
Miss Bettie Royston the roll was call-
ed, the Scripture lesson being read by
Mrs Frank Robinson followed by lesson
references and quotations also papers
by Misses Simpson and Royston. The
next meeting which will be held Sun-
day morning immediately after Sun-
day School will be led by Miss Carrie
Arnold. Subject for discussion, "God's
Omnipresence."

Many Teachers Here.

The school teachers of Boyle, Lin-
coln and Garrard counties assembled in
Lancaster Monday, many coming in
drenched by the rain which swept over
the county that day. There are about
two hundred wielders of the peachtree
limb in town, and they are an intelli-
gent lot of people. They are kept pret-
ty busy, as both morning and after-
noon sessions are held. Miss Mittie
Dunn, Garrard's efficient superinten-
dent, is presiding over the sessions,
which are being held in the Methodist
church. Each session is opened by re-
ligious services conducted by one of
the local ministers, a song service, and
then the teachers buckle down to busi-
ness. As they are here for business, the
teachers talk only "shop," and they
derive great good by the interchang-
ing of ideas, the discussion of points of
interest, and in many other ways.
There are over two hundred pre-
sent, and our people are doing
all in their power to make their
stay pleasant. The Record regrets
that lack of space prevents going into
the details of each day's work, but our
friends, the advertisers, are too much
in evidence to permit of it. The pub-
lic is invited to the sessions, and if you
have not been to the church, go down
and get acquainted with the hardest,
worked and most poorly paid set of
people you ever met. Prof W A Clark
of Nebraska, and F R Park, of Lexing-
ton, and filling the position of Institu-
ton.

CENTRAL RECORD

ISSUED WEEKLY. \$1.00 A YEAR.
LOUIS LANDRAM, Edr.-Pubr.
Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.
Member Ky. Press Association.

Lancaster, Ky., September 6, 1907.

Once in a while, this paper prints what is commonly called a "snake lie," something "fill up with," as it is better known, the productions coming from our own feeble pen. One of our pet characters is Gus Travers, a name patched up, to use in the story, of course. Several times we had Gus in hot water, and several times energetic (?) reporters in neighboring towns have taken the story, changed it around and sent it to the daily papers as the truth. Some days since, the illustrious Gus yawned in church and came near breaking up meeting. The story was untrue, of course, but the Danville correspondent for the Louisville Times worked that splendid paper to a Queen's taste by sending in the story. He went so far as to make the hero's name "Augustus" Travers. Now we want to distinctly understand that his name is "Gus" Travers, and he's our meat. And that reminds us that some time ago, Gus learned that our county jailer and a jeweler had killed a big snake in the cupola of the court house. This was also stolen by a neighboring correspondent and telegraphed to the daily papers as the daily papers as the truth. We claim no honor for writing such stories, but we do dislike to see those city papers who are our personal friends imposed upon. The Danville man, together with several others, need a calling down.

Fire in the Courier-Journal building, last Friday morning, came near destroying the handsome and costly building and the splendid plant from which that paper and the Evening Times are printed. Fortunately the fire was checked before the machinery was seriously damaged, but the building was badly injured. The people of Kentucky love the Courier Journal and Times, and are thankful, indeed, that they were not put out of business. The rural newspaper men, especially, are thankful, and rejoice that the damage was not greater. The country editors look upon the Courier Journal as a god-father, while the Times has always been looked upon as the official organ of the Kentucky Press Association. When a Kentucky editor visits Louisville, he first goes around to the building and shakes hands with "the boys," then he begins to see after the business calling him to the city. We wouldn't think of attending to anything there before making a pilgrimage through the historic building to shake the honest paws of the many clever fellows at work there. Kentucky without the Courier Journal and Times would be like unto a dance without the fiddler, or a jalep without the mint.

The Democratic campaign was formally opened at Lexington Monday. The Republican candidates have been on the stump for some time, so, in race horse parlance, "they're off" and a hot old time may be expected from now until November. The Republicans say they're going to win, while the Democrats claim they will roll up an old-time majority. So there you are—pay your money and take your choice. Indications point to more public speaking than has ever been done in a state campaign, and a suffering public has a rocky road before it. While a public speech seldom changes a vote, yet the people will flock to hear the wind bags who tell how the country must be saved.

Not the least of the woes of Mr. Stuyvesant Fish is the reflection that, like Byron's eagle, he viewed his own father on the fatal dart and winged the shaft quivered in his heart.

The revelation that a prominent Chicago church member is a professional burglar lends additional interest to the question whether the church in these days is fully living up to its opportunities.

Doubtless the Smith family forbears to get out for a reunion because it hesitates to bring the business of the com-

munity to a standstill.

The trusts that Teddy is making dance complain that they do not really need the exercise.

Of course nobody ever noticed any dust along country roads till the automobile came in.

Rev Henry Shouse preached Saturday and Sunday to his congregation at Preachersville. He will hold a series of meetings with his church there begin next Sunday. Rev Kimball, of Monticello assisting.

J W Woods bought of Loyd Bourne 12-60 pound shoats for 50 cts. He also sold 2 heifers weighing 665 pounds each, 3 cts to Vic Lear and to C A Robinson, 6 hogs weighing on an average of 180 pounds at 6 cts.

Rev William Anderson, of Dothan Ala, who joined his wife here on a vacation returned home Monday, accompanied by his wife and children. While here he preached two very interesting sermons Sunday morning and evening to the Fork congregation.

Mrs Henry Shouse entertained the Ladies Working Society at dinner on Friday of last week. A splendid menu consisting of all the delicacies of the season had been prepared for the occasion. To add to the merriment of the company Mrs Shouse had skillfully prepared a list of conundrums which were entirely original and laid at the plate of each guest to be answered. The names of the guests solving the answer to each conundrum on the list. A most delightful day was spent by every one present.

FLATWOOD

Rev A C Baird has been attending the Bates Creek Association.

Miss Virgie Worrell has returned to Mansville, I. T. to begin her school.

Got His Wires Crossed.

A Kansas editor got his wires crossed and lost two subscribers recently. One correspondent wrote asking how to raise twins successfully, and the other asked the best method for ridding his orchard of grasshoppers. The answer went forward by mail, but by accident he put them into the wrong envelopes, so that the man with twins received this answer: "Cover them carefully with straw and set fire to it, and the little pests, after jumping in the flames a few minutes, will be speedily settled." And the man with the grasshoppers was told to "give them castor oil and rub their gums with a bone."

Will be Scarce and High.

A local dealer tells The Record he is satisfied that coal will not only be high er, but very scarce this winter. Asked the reason for his belief, he said the railroad companies were unable to furnish the cars for transportation. Then, too, the cost of mining has increased very materially, and the two will make the black diamonds very dear. He advised that all who could get coal buy in large quantities now. "Of course," said he, "I will get more for the coal, but my profit will not be increased, and the burden will be greater on the patrons. Yes, sir, tell the people to lay in their coal now, and all they can afford to buy, too."

Valuable Piece of Furniture.

We recently came into possession of an old-fashioned three-corner side board, or cupboard, which no amount of money could buy. It belonged to our mother, and was originally the property of the mother of the late Dr J Lapsley McKee, of Danville. It is solid walnut and as heavy as so much lead. It is as good as the day it was made, notwithstanding the long service it has had. Since the death of our mother, the cupboard has been in possession of a sister, Mrs R A Burn side. It is said some very rich people pay any price for such articles, but there is not enough money in all the banks to buy it from the present owner.

Idlers Scarce.

Strange to say, Lancaster is almost without a loafer now. Every fellow who used to hang about the streets has gone to work, gone away, or gone to the devil so far as we know, as there are few, very few, who hang around the stores, banks and streets. This is a good sign. Then, too, it stops lots of gossip, for a gang of loafing men are almost as bad as a sewing circle. There are a few hangers on yet, who can tell just what is going on, and all about the private affairs of the people in town, but they will soon get lone some, we trust, and go to work. Has ten the day when every man will hide himself on attending to his own blank ed business, keeps off the streets and lets other people manage their own affairs.

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen need ed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney trouble Guaranteed by McRoberts drugist, 50c. 1m

reformed and tell the truth just once more. He commenced on the death of a well known citizen.

"Died," aged 56 years, 5 months and 13 days. Deceased was a mild-mannered pirate, with a mouth for whiskey and an eye for boodie. He came here in the night with another man's wife and joined the church at the first chance. He owes us several dollars for the paper, a large meat bill and you could hear him pay six blocks. He died singing, "Jesus Paid It All," and we think he is right, for he never paid again for himself. He was buried in an asbestos casket and his many friends threw palm leaf fans in his grave, as he may need them. His tombstone will be a famous place for hoot owls."

Results in Stomach Troubles and Physical Breakdown.

The strenuous life of modern times forces people to rush through their meals hastily, hurrying from the table in the mad rush after the alarmingly dollar.

The result is incomplete digestion, inflammation of the walls of the stomach, and lack of secretion of the gastric juices, ending in chronic stomach trouble and nervous breakdown.

It is not enough to be told to eat more slowly, cure the stomach trouble with Mi-o-na, and soon regain perfect health. The headaches, sleeplessness, nervous troubles, pain after eating, gas, indigestion, the eye backaches, melancholy and gloomy foreboding would be soon overcome and perfect health and strength would be restored.

The result of treatment of the weakened digestive system with Mi-o-na will cure every case of stomach troubles.

The results of this treatment are so astonishing and so pronounced, that people who have tried it never will appreciate its value as a healing agent.

So reliable is Mi-o-na in curing all forms of stomach weakness and troubles that we give a signed guarantee.

9th, because every one that sees it says so.

Read what a few men of the county have to say who are using this gate.
Paint Lick, Ky., August 14th, 1906.
I have one of the Whitaker Automatic Gates that I have used for about seven months, it has not been out of repair in the least, and has not given me one moment's trouble so far, and can't see how it will. I like it splendid.
Respectfully, J. C. Rucker.
After using one of the Whitaker Automatic Gates, can say that it gives perfect satisfaction. I consider it the best gate I have ever seen. Would not do without mine for double the cost of it. Yours truly,
J. B. Woods.
Paint Lick, Ky.
I have owned one of the Whitaker Automatic Gates for some time. I have given perfect satisfaction and swings so nicely and works so easy that any child can operate it. My little four year old boy has no trouble in using this gate.
Very respectfully, S. D. Cochran.
Buckeye, Ky.
I was the first in this county to purchase one of these gates. I am well pleased with it and would not do without it one year for the cost of the gate. I advise every one that needs a good gate to buy one, they are all right.

DON'T DOSE THE STOMACH
Cure Catarrh by Breathing Hyomel.
—Sold Under Guarantee.
There is one treatment for nasal catarrh which is based upon common sense, and at the same time, is thoroughly scientific.
Hyomel is not a cure-all: it is a specific for the cure of catarrhal troubles. Breathed through the nasal pocket inhaler that comes with every outfit, the aromatic healing of Hyomel penetrates to the most remote part of the nose, throat, and lungs, healing all inflammation and killing the catarrhal germ wherever present.
So successful has Hyomel been in the cure of catarrh, that we sell it under a guarantee that it will cost nothing unless it gives satisfaction. The complete Hyomel outfit sells for \$1, and consists of an inhaler that can be used in the vest-pocket, a medicine dropper and a bottle of Hyomel. The inhaler lasts a lifetime, and if more Hyomel is needed, extra bottles can be obtained for 50 cents.
It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that treats this disease without stomach dosing, applying the medication and healing where the disease germs are present.
Do not dose the stomach to cure nasal catarrh; breathe Hyomel, knowing that this treatment does not cure, it will cost you nothing.
R. E. McRoberts, Druggist.

A Humane Appeal.
A human citizen of Richmond, Ind., Mr U D Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." The Strenuous Life

Results in Stomach Troubles and Physical Breakdown.

The strenuous life of modern times forces people to rush through their meals hastily, hurrying from the table in the mad rush after the almighty dollar.

The result is incomplete digestion, inflammation of the walls of the stomach, and lack of secretion of the gastric juices, ending in chronic stomach trouble and nervous breakdown.

How much better it would be to eat more slowly, cure the stomach trouble with Mi-o-na, and soon regain perfect health. The headaches, sleeplessness, nervous troubles, pain after eating, specks before the eyes, backaches, melancholy and gloomy foreboding would be soon overcome and perfect health and strength would be restored.

Proper treatment of the weakened digestive system with Mi-o-na will cure every case of stomach trouble. The results of this treatment are so astonishing and so pronounced, that those who have tried it never fail to appreciate its value as a healing agent.

So reliable is Mi-o-na in curing all forms of stomach weakness and troubles that we give a signed guarantee that the remedy will cost nothing unless it cures. Each box of Mi-o-na sells for 50 cents, and is invaluable to anyone who suffers with indigestion, nervousness or weak stomach.

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.
You can easily determine if your kidneys are out of order by testing aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burbank Testifies After Four Years.
G. B. Burbank of Oakdale Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe case of Bright's Disease by taking less than two bottles of Foley's Kidney Cure. I am writing you now to tell you that I have never had a return of any of those symptoms during the four years that have elapsed since I was entirely cured to tell you, and I am recommending Foley's Kidney Cure to all suffering from kidney or bladder trouble."
